Dear Cobi:

I want to thank you for coming to our small meeting all the way from Amsterdam

We are looking very much forward to your Speech

It will be our “Top-Presentation”

We are happy to hear about Sex and “the pelvic floor”, something we do not know nearly enough off

We will be hearing the presentation in English. The Auditorium can ask Questions at the end in German and we will try to translate these for you.

A very warm welcome to you from the pelvic floor team of St.Gallen!
